A FURIOUS ATTACK

Japanese Were Repulsed at Port Arthur August 19 and 20 With Terrific Loss.

HEAVY FIGHTING NEAR LIAO YANG.

A Fifth of the Japs Army Before Port Arthur is the Estimated Loss Up to Date.

It is Believed the Idea of a General Assault Will Be Abandoned and Regular Siege Operations Will Be Adopted.

Liao Yang, Aug. 24.—According to the latest information from Port Arthur, a furious attack throughout August 19 and August 20 was repulsed with terrific loss. This news was received here with the greatest joy.

There has been serious fighting in this region, but there has been a small skirmish at Anshanshan, where Japanese troops attacked a Russian outpost and were driven off with a loss of six killed.

Liao Yang has experienced two days of bright weather and there is a touch of autumn in the air. The rainy season has apparently terminated.

St. Petersburg, Aug. 24.—Despite the popular feeling that Port Arthur is doomed, the success with which Lieut. Gen. Stoessel has been beating off the Japanese assaults and the heavy losses suffered by the besiegers offer considerable encouragement to the war office.

"There is a limit beyond which troops can not go, no matter how gallant," said an army officer of the general staff Tuesday morning. "A fifth of the army before Port Arthur is an estimate of the enemy's losses up to date. If the storming operation which we understood is now progressing fails to give them a foothold in the ring of inner defenses the Japanese will be compelled by sheer exhaustion to stop and recuperate, while awaiting additional reinforcements, and I personally, together with some of my colleagues, believe they will abandon the idea of a general assault and settle down to regular siege operations. Starving out the garrison is less brilliant, but it is quite as effective a way of reducing a fortress. The Japanese purpose in rushing matters has doubtless been to release a section of the southern army and enable it to co-operate with the armies in Manchuria."

The naval critic of the *Vedomosti* boldly expresses the opinion that the Port Arthur squadron would commit an act of folly if it went out now.

THE SHANGHAI INCIDENT.

Repairs on the Askold and Crozobol Ordered Stopped.

Washington, Aug. 24.—Consul General Goodnow, at Shanghai, Tuesday cabled the state department that the Chinese taotai of Shanghai, through the British consul, has ordered that the repairs to the Russian cruiser Askold and the torpedo boat destroyer Grozovol be stopped. The order was made through the British consul because of the fact that the repairs were being made by the British Dock Co. at Shanghai.

Aware of the acuteness of the situation at Shanghai, Acting Secretary of the Navy Darling Tuesday afternoon cabled Rr. Adm. Yates Stirling, commander-in-chief of the American Asiatic fleet now at Shanghai, directing him to keep the department promptly informed of every development in the situation. No word from Adm. Stirling has yet been received.

London, Aug. 24.—The admiralty, contrary to the reports from Shanghai, says the British Chinese squadron, which is at Wei-Hai-Wei, has not received orders to proceed to Shanghai.

CUSTOMS LAWS VIOLATED.

Forty-One Seizures of Goods Were Made at San Francisco.

San Francisco, Aug. 24.—Extensive violations of the customs laws have been unearthed here by customs inspectors who searched the United States naval transport Solace which arrived last Friday from Manila, Guam and Honolulu. Forty-one seizures were made, amounting in value to several thousand dollars, including cigars, silks, embroideries, decorated porcelain and Japanese curios. The goods have been sent to the appraiser's store. Among the persons to whom dutiable goods were addressed are a number of United States naval officers.

San Francisco, Aug. 24.—Collector of Customs Stratton received word from the secretary of the treasury to the effect that until otherwise ordered, foreign vessels will be allowed to do business between Ancon, Panama and the United States ports.

An Able Political Writer Is Dead at Junction City, Ky.

Lexington, Ky., Aug. 24.—Col. Sam M. Burdett, one of the ablest political writers of the day, and at one time political editor of the Chicago Chronicle, is dead at Junction City, Ky. He was visiting relatives, and died suddenly, though he had been in failing health a number of years.

Col. Burdett went from here to Mt. Vernon, Ky., where he practiced law. He afterwards entered the journalistic field, being at one time connected with the Courier Journal.

TO PROTECT PRISONER.

Gov. Beckham Orders Troops to Maysville, Ky.

Frankfort, Ky., Aug. 24.—Gov. Beckham, through Adj't Gen. Haly, Tuesday directed Col. Roger Williams, of the Second regiment state guard, to proceed to Maysville and with 50 members of the guard accompany T. D. Maybrier to Mt. Olivet, Robertson county, for trial.

Maybrier on Tuesday last shot and killed Geo. Thompson, the jailer of Robertson county, and mob violence is feared.

He was indicted within six hours of the killing.

THE COOMES MURDER.

His Alleged Slayer Removed From Henderson to Owensboro.

Owensboro, Ky., Aug. 24.—Roy Green, the Negro who is charged with the murder of James Coomes at the Owensboro fair grounds in July, having driven a stake through his throat, was removed from Henderson, Ky., to Owensboro Tuesday. The jail is heavily guarded to prevent mob violence. The sheriff says he is prepared to cope with a mob. Green will be tried at once. When arraigned he will plead not guilty, although he has already made two confessions.

Sensation Created.

London, Ky., Aug. 24.—A sensation was caused in political circles of the Eleventh congressional district when it became known that petitions had been sent all over the district to be signed by republican voters that the state central committee remove W. R. Ramsey as presidential elector for the district.

Frankfort, Ky., Aug. 24.—Gov. Beckham Tuesday issued the official order to Adj't Gen. Haley fixing the date on which the Kentucky state guard regiments are to go into the annual instruction camp inside the World's fair grounds in St. Louis in September.

Farmer Lee C. Foreman Dead.

Taylorville, Ky., Aug. 24.—C. Lee Foreman died at his country home, near here, of typhoid fever after an illness of three weeks. His death came as a distinct shock, as he was one of the best known and most popular men in the county.

Died From Operation.

Lexington, Ky., Aug. 24.—Ambrose Morrow Portwood, 16-year-old son of Mrs. C. D. Portwood, died at St. Joseph's hospital from the effects of an operation for appendicitis, which was performed last Wednesday.

IMPORTED FOODS.

Chemical Laboratories For Examination of Foreign Products to Be Established.

EXPERT CHEMISTS TO TAKE CHARGE

Will Be Located in New York, Boston, Philadelphia, New Orleans, San Francisco and Chicago.

Many Cargoes Have Been Reshipped Out of the Country as Impure, Resulting in Raising the Standard of Imports.

Washington, Aug. 24.—A chemical laboratory for the examination of imported food products will be opened in the appraiser's store building of the treasury department in New York by the department of agriculture, September 5. Five expert chemists will be installed, having been selected through special examination by the civil service commission. This is the first of a number of port laboratories to be established to prevent impure food, the product of foreign countries, entering the United States. Congress will be asked for appropriations for such laboratories at Boston, Philadelphia, New Orleans, San Francisco and Chicago. The foreign pure food law has been in force more than a year, and is regarded as beyond the experimental stage.

Dr. H. W. Wiley, chief of the bureau of chemistry of the department of agriculture, declares that it is the intention of the department now "to put the screws on." Eighty per cent. of the importations of food arrive at New York.

When the pure food law first was put into operation it was found that 78 per cent of the imports of foods and drinks were admissible under its provisions. Many cargoes have been reshipped out of the country as impure, resulting in raising the standard of imports until now it is estimated that 85 per cent. of the imports are admissible under the law.

The secretary of agriculture has just granted the first request of an importer to destroy his cargo instead of reshipping it after it had been condemned as impure, the cargo being olive oil.

The secretary of agriculture is awaiting an interpretation of a portion of the law which, it is believed, will exclude entirely the importation of sausages from Germany.

The analysis of whisky is drawn with a view of holding up what is termed "Scotch whisky," according to Dr. H. W. Wiley, chief of the bureau of chemistry. Dr. Wiley declares that there is not a barrel of pure Scotch whisky in the United States and that the importations of this article are practically all concoctions and should be labelled "Compound."

ON THE RANGE.

Result of Second Part of the National Team Match.

Fort Riley, Kan., Aug. 24.—The second part of the national team match was the program on the national range Tuesday. The firing commenced at 8 o'clock in the morning and was not finished until near 6 in the evening. The program was slow fire at 800 and 1,000 yards, in which the possible for each team was 1,200 points. The possible the first day was 2,400. In the two days' shoot the scores of teams follow:

New York national guard team, 2,880; New Jersey, 2,810; army infantry, 2,806; United States marines, 2,788; District of Columbia, 2,762; United States navy, 2,756; Massachusetts, 2,730; Rhode Island, 2,715; army cavalry, 2,713; Pennsylvania, 2,700; Maryland, 2,592; Washington, 2,582; Connecticut, 2,550; Florida, 2,401; Michigan, 2,244; Kansas, 2,109; Alabama, 1,735.

PHILIPPINE CURRENCY.

The New System Is Gradually Driving Out the Mexican Dollar.

Washington, Aug. 24.—When the new currency system was proposed for the Philippines there were predictions in some quarters that the conservative islanders could not be readily induced to surrender the Mexican dollars and the Spanish coin with which they had been familiar for so many years in favor of the new Philippine peso proposed by the commission. But reports received here show that the change has been made smoothly and more expeditiously than was thought possible.

Washington, Aug. 24.—Mr. Armstrong, assistant secretary of the treasury, left for St. Louis, where he will deliver an address before the second national convention of chapters of the American institute of bank clerks.

MRS. FLORENCE MAYBRICK.

American Woman, Who Was Imprisoned in England, in New York.

New York, Aug. 24.—Mrs. Florence Elizabeth Maybrick, the American woman, who for 15 years languished in an English prison for poisoning her husband, returned to her native land Tuesday aboard the steamer *Vaderland*. A great crowd swarmed the dock of the American line pier and witnessed, without demonstration, beyond a flutter of excitement, the passage of the famous woman down the gangplank on the arm of her lawyer, S. V. Hayden.

Mrs. Maybrick was hustled into a cab, which was hastily driven up town to the Fifth Avenue hotel.

Mrs. Maybrick, during the voyage, prepared in her own handwriting, a statement for the press, desiring not to be interviewed.

The statement expresses her joy and thanks at being back a free woman in her native land, and there are frequent fervid expressions of gratitude to her American friends who had for years fought for her liberty.

POSTMASTER GENERAL PAYNE.

He Ignores a Summons to Appear in a Justice's Court.

Chicago, Aug. 24.—Postmaster General Henry C. Payne was Tuesday served with a summons to appear in a justice court in this city on August 26, as a witness in a case against Chauncey M. Depew. The postmaster general did not receive the summons with pleasure, and informed the constable, John Simons, that he would ignore it entirely.

"Not only did he say that," declared Simons, "but when I offered him 50 cents for witness fees, and even added ten cents for mileage, he threw the money in my face."

Last June when Senator Depew was in Chicago attending the republican national convention, he was sued by S. G. Bradrock, of this city, who declared that he had in some manner been defrauded by a concern called the Penny Publishing Co., with which he asserted Senator Depew had been connected in 1902.

PASSENGER TRAIN DERAILED.

Forty-Five Persons Were Injured, Two of Them Dangerously.

Trenton, Mo., Aug. 24.—Chicago, Rock Island & Pacific train No. 3, the west-bound passenger due to reach Kansas City from Chicago at 8:15 o'clock in the evening, but which was slightly late, was derailed near the crusher plant just west of Princeton, 24 miles north of here, Tuesday afternoon, injuring 45 persons, two of whom are in a dangerous condition. These are J. W. S. Dunham, a postal clerk, and W. G. Roby, of Allerton, Ia., a passenger.

KILLED BY A TRAIN.

The Body of a Young Man Literally Cut to Pieces.

Chicago, Aug. 24.—A young man about 22 years of age was killed by a train at 101st street and a patrol wagon in charge of Police Sergt. Patrick Reilly was sent to convey the remains to the morgue. The body was literally cut to pieces, and the police were forced to gather it up by bits. For some time the head could not be found, but it was finally picked up by Sergt. Reilly, who, on bringing it to the light of a lantern, found that it was the head of his own son, Patrick J. Reilly.

THE COMPETITIVE DRILL.

Winning Companies of Uniform Rank Knights of Pythias.

St. Louis, Aug. 24.—The winning companies in the competitive drill of the uniform rank, Knights of Pythias, which was held Monday afternoon, were announced Tuesday as follows: First prize, Chevalier No. 6, of San Diego, Cal., Capt. E. E. Spileman; second prize, Mystic Company No. 12, of Girard, Kan., Capt. J. H. McCoy; third prize, Chevalier No. 1, of Seattle, Wash., Capt. Lotto Case. TRIPLE CRIME.

A New York Man Killed His Wife, Baby and Himself.

New York, Aug. 24.—George Boyce, his wife Ida and their six-months-old baby were found dead Tuesday night in apartments in a tenement house in West Sixty-Second street. The police found that all three had been shot to death. A revolver lay on the floor near the body of the man. From this the police believe that the man killed his wife and child and then himself.

ARE SUBPOENAED.

Six Members of Building Trades Employers Association Cited to Appear in Court.

INSPECT BOOKS AND CONTRACTS.

The First Move of the District Attorney's Office Against Employers in the Industrial Fight.

All the Unions in the Building Trades Alliance in New York Will Join the Strike Whenever Called Upon To Do So.

New York, Aug. 24.—Subpoenas were issued Tuesday by one of the judges of the court of special sessions, sitting as a magistrate, directing the appearance of six members of the Building Trades Employers' association before Acting District Attorney Rand Wednesday. The names of the men were not made public and Mr. Rand refused to talk of the case.

So far as can be learned this is the first move by the district attorney's office against the employers in the industrial fight in this city.

The People's Security Co., counsel for the unions, Monday submitted evidence against the employers to the district attorney and charges of "conspiracy," "coercion" and "blacklisting" were made.

Tuesday the company submitted additional evidence. The books of local No. 2 of the Journeymen Plumbers' and Gasfitters' union, of which Philip Weinheimer is president, were taken to the district attorney's office Tuesday for the purpose of allowing Mr. Rand to inspect them. The acting district attorney, it is said, will use certain information gleaned from the books in preparing the case of extortion now pending against Weinheimer.

J. C. Hatzel, one of the members of the board of governors of the Building Trades Employers' association, admitted Tuesday night that he was one of the six men on whom subpoenas had been served.

"Yes, I have been subpoenaed," he said. "The subpoenas require me to appear to-morrow. It also states I am to produce my books, my contracts and my trade association agreements. I shall obey the subpoenas."

Mr. Hatzel is head of the Electrical Contractors

PRESIDENT ROOSEVELT has not found it necessary to explain any differences of opinion between himself and his party as expressed in the platform declarations.—Lexington Leader.

That's easily explained. He either wrote the platform or dictated it.

THE RIGHTS OF LABOR.

"In the language of our platform, 'the rights of labor are certainly no less vested, no less sacred and no less inalienable than the rights of capital.' The time is opportune to emphasize the truth of this utterance. The most sacred right of property is the right to possess and own one's self and the labor of one's own hands, capital itself being but stored up labor. For years I worked in the ranks as a wage earner, and I know what it is to earn my living in the sweat of my brow. I have always believed, and my conviction has come from the hard school of experience, that, measured by the character of work he does and the cost of living, a man is entitled to full compensation for his services. My experience as a wage earner, and my association with labor, have alike taught me the value of Democratic principles, for in them the humblest has the strongest security for individual right and the highest stimulus to that independence of spirit and love of self-help which produce the finest private characters and form the base of the best possible government.—Extract from ex-Senator Davis' speech of acceptance.

You may differ from your neighbors in many important questions of the day. Your opinions may coincide with those of the minority or of those of the majority and still you may be in doubt. But you can hardly be skeptical about the merit of Doan's Kidney Pills when you read such emphatic local endorsement as the following:

Mrs. J. B. Gibson of 113 West Fourth street says: "The value of Doan's Kidney Pills is quickly made manifest by their use. I obtained them at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and although my experience was not extensive, it was quickly demonstrated that extended use was unnecessary. The quick relief from backache which was obtained from the use of Doan's Kidney Pills caused me to recommend this valuable medicine whenever opportunity offers."

He evidently thinks his trouble insignificant, but he has rough sailing in sight, or all signs will fail.

Miss Louise Tully of Cottageville returned home Thursday accompanied by Mr. and Mrs. R. C. Williams and son Frank, en route to the Vanceburg Fair, being joined by her parents, Mr. and Mrs. J. W. Tully, Friday morning. The party drove through the entire route, obtaining a fine view of that beautiful and romantic country with its grand and picturesque scenery.

Though encountering a few places of historic note associated with more unpleasant impressions, one being that of the drive over the Haran hill where it is said a child met a tragic death by being run over by the vehicle from which it had fallen, and among the immense cliffs of shale and rock boulders that rise on either side of the road, one was pointed out as conspicuous as the place where occurred in pioneer days the tragic event of a man being chased over the cliff by a bear to instantaneous death.

The drive through the rain down the beautiful Salt Lick valley dotted with its many lovely residences and beautiful farms banished all grawsome thoughts and soon the Hotel St. Charles, nestled in the little river city, was reached, where were registered many distinguished guests among them Hon. J. N. Kehoe. The unfavorable condition of the streets from the continued rain prevented a stroll of the town, except a short walk to the river front and the court house square where was observed the soldiers monument erected twenty years ago. The river is much narrower at this place than at our home city.

The smooth and artistic pavements made from similar cliffs and boulders of the surrounding country we had encountered on the roadside invited favorable comment. The forenoon was favorably spent in chatting with the hotel guests, including Mrs. Sheriff Hendrickson of Poplar Flat and Mrs. Sheriff Lykins of Petersville.

The dinner hour over and the rain having ceased, a drive to the fair grounds about a mile distant where a fine display was exhibited, including an elaborate display of poultry, mostly produced from the surrounding county, completed a memorable day spent in our sister county.

Chenoweth's Ice Cream Soda

There is a difference between Chenoweth's Ice Cream Soda and the common kind. You will appreciate the difference when you have tried it. We serve ours with pure fruit syrups made freshly every other day or so. The common syrups may do for other fountains but not for ours. There is the same difference in the quality of our ice cream and in the way we serve things.

Perfect soda service affords very little direct profit—the profit comes by pleasing patrons. Our fountain is a trade-bringer rather than a profit-producer. That's the whole secret of the difference.

F FARMS.

If you have a Farm that you want to offer at PUBLIC SALE this is your chance. I will do the advertising, get the crowd and the bidder will do the rest. Come to see me at

The Bee Hive

WE GIVE GLOBE STAMPS.

We understand that the C. and O. has put on extra freight trains. The BEE HIVE freight is becoming too heavy for them to handle. Watch the boxes roll in. That's why we need room. All summer goods must move, and ridiculous prices shall be the propeller that will drive them with tremendous speed.

\$5.95 Skirts for \$3.98

Still some "Royal" Waists, 98c.

"Queen Quality" Oxfords at \$1.98 and \$2.10.

The CLUNET Garment and Hose Supporter!

It holds the shirt waist, skirts, ribbons and belt securely and comfortably in place and supports the hose. It gives the "military front" and "dip" effects to the figure. Invented, manufactured and sold by a woman. 25 and 50c. Sold exclusively by the BEE HIVE. Our fall dress goods have arrived. Particulars later. They are great.

MERZ BROS.

SOW WHEAT.

Such the Advice of a Large Buyer Who Thinks Demand Will Be Good Again Next Year.

[Kentucky Farmer and Breeder, Lexington.]

The wheat crop of Central Kentucky has been marketed. The quality all told was good, and the yield much better than the farmers expected. It is now bringing a good price and it seems that good prices will continue. It was quoted at one of the mills in Lexington on Wednesday at \$1 for the day. There was a considerable amount of smut, however, affecting probably 75 per cent. of the crop, which has injured the price 3 to 10 cents on the bushel. Farmers should blue-stone the seed for the next planting so as to avoid this fault next year. Mr. Joseph Le Compte, of the Lexington Roller Mills, thinks that a large crop will be sowed this year. He says:

"This will be the year to sow wheat, because if we have throughout the country the short crop that is represented, the supply will be very short at the next harvest time, when the Central Kentucky crop matures. The Central Kentucky crop comes in early and for that reason there will be a good demand for it at the next threshing time to supply the mills whose stock is exhausted at that time. Mills have used up their supply by harvest time each year and the buyers are anxious to purchase the early crops at good prices. Our people should do well if they put in a large crop this year."

PLEASANT EVENT.

Master Sam Riley Robinson Entertains a Number of His Little Friends.

Master Sam Riley Robinson entertained a number of his friends in honor of his fifth birthday, Friday, Aug. 19th. The little folks spent a most delightful afternoon hunting peanuts and pinning the tail on the donkey. Miss Frances Clark was the fortunate one in both these contests, while John William Pogue won the booby prize.

An elegant lunch was served the children in the dining room. The table was artistically decorated in American flags and each child was presented with one of these for a souvenir. Miss Knapp of Cincinnati who assisted Mrs. Robinson and Miss Riley in entertaining, captured the hearts of the little tots. Those invited were: Lillian, Frances and Annie Pierce Clarke, Sue Marshall Fox, Martha McNutt, Lum and Annie Prather Cliff, Florence Fizer, Mary Rolf, Marian Lowe Pyles, Louise Dougherty, Alma and Sue Hopper, Martha and Mary Nesbitt, Russell and Clayborn Caldwell, Laytham Cliff, John Clarke, Jr., James Rolf, Arthur Berry, Myall Collins, Duncan Walker, John, William and Tony Pogue, Henry Dougherty and Frank Turner.

THE PUBLIC BUILDING.

Contract for Its Erection Awarded to Clark & Howe of Lexington—Cost Close to \$40,000.

The Treasury Department Monday awarded the contract for the new Federal Building at Maysville, to Clark & Howe of Lexington, Ky.

The cost of the building will be \$38,622. It is not known when the contractors will begin work, but probably just as soon as the material can be obtained.

Mrs. Nancy Ward, who formerly resided at Washington, died this week at her home in Fleming County and will be buried to-day at Elizaville.

NEW INFIRMARY.

People of County Outside of Maysville to Vote on Proposition to Issue \$25,000 Worth of Bonds.

At Tuesday's session of the Mason Fiscal Court on motion of Squire Rice it was ordered that the question of creating an indebtedness of \$25,000 for the purpose of erecting a new county infirmary building be submitted to the qualified voters of the county outside of the city of Maysville at the next November election.

The bonds are to be fifty in number, of the par value of \$500 each, due and payable in twenty years and shall bear interest at rate of 4 per cent. per annum, payable semi-annually.

The Sheriff shall duly advertise the purposes of said election in the newspapers of the county and by printed bills. The only other business transacted by court Tuesday was to make the usual usual allowance to justices for holding the court.

CUTTING SCRAPE.

Young Thomas Neal Badly Wounded by Elzie Huron Last Evening.

Thomas Neal, a son of Mr. W. J. Neal of the West End, was badly wounded last evening about 5 o'clock in a quarrel with Elzie Huron.

The two got into a quarrel over a young lady and finally came to blows. In the fight that followed, Huron pulled a knife and slashed his opponent, inflicting a wound that extended from the top of his head to a point under his chin. Had the knife gone a little deep, it would have inflicted a fatal wound.

Huron fled to Ohio and has not been captured.

Dr. Reed dressed Neal's wounds and it required thirteen stitches to close the cut.

AN IRISH PHILOSOPHER

Says, "the sweetest memories of life are the recollections of things forgotten." How many remember the Union Agricultural Society's first fair at Germantown in '54—who can recall the interesting incidents that must have featured the earliest meeting? Most of the good things accomplished during the fair's half century of existence will be rehearsed at the Golden Jubilee gathering this week. Go out, join in the enthusiasm and help swell the crowd. Aside from the interesting agricultural exhibits you will enjoy the social features, of which "The Old Reliable" is noted. Renew the acquaintances of your youth; talk it all over again, and speak a good word for The Frank Owens Hardware Company.

River News.

The Virginia and Keystone State, in the Cincinnati line, are being renovated. The Queen City is in Southern waters.

When the packets have received their annual overhauling and the fall trade opens they will be greatly assisted between Merriman and Davis Island dam by the completion of dam No. 6. Several bad places in the river have been overcome to a large extent. Capt. W. L. Sibert believes that dams Nos. 2, 3, 4 and 5 will be completed within two years. The packets and steamers in the coal trade will then have a much longer active season.

Mrs. A. D. Dickson died at 2 o'clock this morning at her home near Orangeburg, after an illness of nine weeks.

At the First Methodist Church, South, on Thursday at 7:30 p. m. instead of the prayer meeting there will be held a church conference. There will be a roll call of the church membership and every member is expected to answer in person or by proxy. The object is to straighten the church register and remove names that have no business there.
